Hiisikcimyim: The Way We Need to Go

Chief Councillor Update on Reconciliation Chief Moses Martin

I continue to support our Ha'wiih in the spirit of co-operation and healing within the Pathway Agreement containing Language Revitalization, which is a large piece of our identity. We need to make every effort to bring back our language and to understand the traditional governance, which for thousands of years took care of us and sustained us. We now have British Columbia's commitment to work with us on these priorities in the MOU (Memorandum of Understanding).

Other opportunities in the Bilateral discussions we have with Canada and British Columbia are outstanding issues including:

- Transfer of District Lots 120 & 121, which were part of the old ITA, including District Lot 124 that we have already recovered. These parcels, along with Parcel 2, will be part of the Bilateral Federal discussion along with other properties we have an interest in.
- Phase 2 & 3 Ty-Histanis Development (92 more housing units and looking at our own fire protection, school, recreation facilities, ball field, completing the cemetery, etc). The projected build out is for having 1200 members in the Ty-Histanis/Esowista community.
- Addressing Opitsaht's many issues and needs (sewer, water, seawall, housing, drainage, etc).

All of these require careful planning and looking at lessons learned in Phase 1 and are outstanding issues going back to the original MOU with Canada. So I continue to look at this as an opportunity, we cannot do this without support from the Community, Ha'wiih, and Council. Thank you for your continuing support.

Respectfully,

Chief Moses Martin

Opitsaht and Tin Wis were also visited, plus a trail tour with the Tribal Parks team. This historic signing of a Pathway Agreement between Tla-o-qui-aht and British Columbia sets the table for Tla-o-

qui-aht to negotiate with the Province on issues important to our Citizens. Tla-o-qui-aht Ha'wiih, Elected Chief Moses Martin and Murray Rankin, Minister of Indigenous Relations and Reconciliation, were in attendance. Membership were invited to tune in to the Zoom Pathway Signing Celebration, joining virtually due to the pandemic.

Tla-o-qui-aht Director of Lands and Resources Update on Reconciliation Saya Masso

The Lands Department would like to say that we have heard you; we have heard the muschim over these years and the priorities we have pursued as the result of the Tla-o-qui-aht Community Plan and its priorities. We continue to provide technical support to the Reconciliation team. We are pursuing the direction from Membership to advance our Strategic Plans, and do so in a manner that does not sign treaties or surrender our homeland or detract from our authority to manage the Hahoulthee and benefit from it.

In reviewing the Reconciliation Pathway Agreement, the Lands Department supports all the goals in the Pathway Agreement and are happy to report that we are meeting all of our goals to date, i.e. our authority to transform tree farms into protected areas, our goal towards establishing government-to-government decision making, benefits from the territories to enhance service delivery to Tla-o-qui-aht, all achieved without surrendering title. We look at this document and only see wins and advancement for Tla-o-qui-aht without any losses. Again, we have heard you, we are not part of the BC Treaty Commission; we are not pursuing Treaty Chapter language. The agreement being pursued only advances interests and topics brought forward by Tla-o-qui-aht.

We look forward to this coming year helping to design implementation and achieving funding for many of these interests.

Strategic Advisor Update on Reconciliation John Watson

This MOU with BC reflects the priorities provided to the Tla-o-qui-aht Working Group from the Tla-o-qui-aht Community Plan and many meetings – some in person but most via Zoom calls over the past two years. The leadership of the Tla-o-qui-aht Working Group has kept the focus on these stated priorities from the community. We are finally moving on outstanding commitments to Tla-o-qui-aht regarding additional economic lands, advancing tribal parks management and stewardship in the Tla-o-qui-aht homelands, pursuing shared management and importantly benefits including advancing economic, infrastructure and other interests of the Tla-o-qui-aht. It also commits BC to participate in negotiations with Canada and Tla-o-qui-aht to recognize and implement Tla-o-qui-aht title, rights and self-determination. The next stage of the discussions with BC will focus on how to move on each of the areas of the Work plan included in the Schedule A to this MOU.

hisiikcumyín: Pathway Agreement

Dated for reference October 14, 2021

("Understanding")

BETWEEN:

Tla-o-qui-aht (ł̓aʔuukʷiʔath) First Nation on behalf of itself and musčim (people)

as represented by Tla-o-qui-aht Chief and Council and ɥawiiɥ

("Tla-o-qui-aht First Nation")

AND:

HER MAJESTY THE QUEEN IN RIGHT OF BRITISH COLUMBIA as represented by
the Minister of Indigenous Relations and Reconciliation

("British Columbia")

(Collectively, the "Parties")

Whereas:

- A. Tla-o-qui-aht First Nation asserts it has unceded Aboriginal title, responsibilities and rights to land, waters and (life, essence, resources) in the ḥaḥuuli (ha-houlth-ee) of the ḥaḥuuliḥ. This assertion is based on Tla-o-qui-aht First Nation's ongoing relationship with the ḥaḥuuli (ha-houlth-ee) of the ḥaḥuuliḥ and the laws of nature.
- B. Tla-o-qui-aht First Nation has governed itself since time immemorial, in accordance with its own inherent laws, jurisdiction, governance and responsibilities. For generations, the Tla-o-qui-aht people have vigorously protected their culture, their homeland, and their right to self-determination as Indigenous Peoples.
- C. The Tla-o-qui-aht people have maintained their unique culture and identity through their oral traditions, spiritual beliefs, language and relationship to land and resources in spite of adversity, which is a testament to the strength and resiliency of the Tla-o-qui-aht people.
- D. British Columbia has called for a renewed, nation-to-nation relationship with Indigenous Peoples, based on recognition of rights, respect, co-operation and partnership.
- E. British Columbia has fully endorsed and is committed to the implementation of the *United Nations Declaration on the Rights of Indigenous Peoples* through the *Declaration on the Rights of Indigenous Peoples Act* (SBC, 2019 c. 44) (the "Declaration Act").
- F. The Parties acknowledge that on November 28, 2019 the Declaration Act was given royal assent and came into effect as a law of British Columbia, the purposes of which are to affirm the application of UNDRIP to the laws of British Columbia and to contribute to the implementation of UNDRIP.
- G. Tla-o-qui-aht First Nation and British Columbia acknowledge that Tla-o-qui-aht First Nation title, rights and inherent jurisdiction is a matter of self-determination, within the framework of Section 35 of the *Constitution Act, 1982*, to be determined by the Tla-o-qui-aht First Nation rights holders through their laws, protocols, and internal processes.
- H. The courts have stated that reconciliation of the prior presence of Aboriginal people and the assertion of sovereignty by the Crown is best achieved through negotiation and agreement rather than through litigation.
- I. While the Parties agree that they may have significant differences, they acknowledge hišukniš čawaak (His-shuk-nish-tsa-waak) - we are all one - and are willing to explore new

ways to move forward in their relationship for the benefit and health of ʔaʔuukwiʔaθ homeland and future generations.

- J. The Parties intend to continue building this relationship through the exploratory negotiations conducted pursuant to this Understanding.
- K. The Parties recognize that they have mutual priorities that are best advanced at a bilateral table, and therefore confirm that they have established a bilateral table to support negotiations on longstanding issues with a renewed commitment to resolution of matters within a recognition and affirmation of rights and title approach.
- L. The Parties wish to move beyond historic legacies of Crown denial, unilateralism, colonialism, and the doctrine of discovery to a new relationship based on the implementation of Tla-o-qui-aht Title Lands. By implementing Tla-o-qui-aht First Nation's title and inherent right of self-government, Tla-o-qui-aht First Nation will maintain and strengthen its inalienable spiritual relationship to its lands, waters and tiičmis in the ʔaʔuufi (ha-houlth-ee) of the ʔaʔuukwiʔaθ ʔawiih, and uphold its responsibilities to future generations.

Now therefore the Parties confirm the following understandings:
